Re: Securix Contract

Dear Mr. Wilkinson,

I want to thank you for bringing the opportunity of the Securix cameras to Moss Point. I have been advised by the City Attorney that there is a pending lawsuit in the federal court regarding the constitutionality of the use and ticketing through the proposed cameras. As such, I am requesting that all work in the City of Moss Point stop until such time as we have a clear understanding of the potential liability to the City.

The City Attorney will be watching for updates, and I request that you keep the City apprised of the outcome of the litigation.

Thanks,

Billy E. Knight, Sr.
Mayor
